

Solidarity Message with UNIONE SINDICALE DI BASE USB and the General Strike of the Public workers of Italy on the 20th of November 2015.

, 19/11/2015

The European Regional Office of WFTU expresses its class solidarity with UNIONE SINDICALE DI BASE USB and the General Strike of the Public workers of Italy on the 20th of November 2015.

The Italian government has approved a number of new anti-labor measures against the workers and the pensioners which will bring cuts in the pensions and the salaries. At the same time the government is ready to implement new privatizations in the sectors of education, health, and social security. It is clear that the Italian government is an important soldier for the implementation of European Union, ECB and IMF policies against the peoples and the working class in Europe.

In this situation the only way is organize struggles and the working class resistance in every country in Europe.

In the current difficult conditions for working people, solidarity and mutual support greatly strengthen the power of the working class. This solidarity is linked with the need for joint action and coordination of the peoples of Europe struggles against the anti-people's and anti-

worker policies of European Union.

The European Regional Office of WFTU expresses its solidarity with its class solidarity with UNIONE SINDICALE DI BASE USB and the General Strike of the Public workers of Italy on the 20th of November 20 and calls all class oriented European trade Union organizations to send messages of Solidarity with the strike
