The forces of PAME in Public Services organized massive and militant demonstrations in many cities in Greece on April 7, day of Strike in Public Sector.

The demonstration was the escalation of April 4, International Action Day Against Privatizations of TUI PS of WFTU in Greece.

PAME continues with the big rally on Sunday, April 10, to welcome the Great March Against Unemployment that started last week from Patras.

Also, the class unions continue their preparations for the 2day strike against the draft-law which abolishes all rights in social security.
