Nazionale, 14/03/2019

USB expresses full solidarity with trade union association of Bohemia, Moravia and Silesia, czech class trade union and member organization of the WFTU,

that are protesting against the conditions of czech and foreign employees in a number of restaurants in Prague.
The workers conditions in network restaurants are very hard, only contempt, exploitation and disregard for their fundamental legal rights, including the right to health and safety at work.
The class trade unions denounce this alarming problem concerns foreign workers, which are disgustingly disdained, prevented from accessing basic hygiene needs, and are subjected to arbitrary forms of discrimination with the certainty that the worker will not find the opportunity or courage to defend himself.

Czech or foreign employees experience an illegal amount of overtime that threatens their own health, contempt for medical reports of their health status.
